

Want! Will... Won't. Chart

Instructions

This is your general guide to using a WWWChart effectively!

Step 1: Gather your materials! You'll need:

- Paper
- A Black Sharpie
- Highlighters or Light Markers (Optional)
- A Printer
- A Pencil
- Print out the WWWChart of your choice! I recommend printing them out on scratch paper (holler at being eco-friendly).

Step 2: Prep Your Brain to Think About Sex

- **If You're Filling This Out for Yourself**
 - As you go through each list, you can think about what activities you're down for in an overall sense. Doing a WWWChart is a great way to get clear on your own desires AND might make for excellent spank bank deposits (in other words, masturbation fantasies).
- **If You're Filling This Out With A Partner**
 - As you go through the list, have your current partner in mind when you fill this out. This will be a great way for the two of you to get real clear on alllllll the sexy things you can do together! So remember: be honest! Part of having great sex (and being in a great partnership, for that matter) is being willing to accept our desires and ask for them!

Step 3: Get to Know the WWWChart

- Each chart has its own specific focus, so make sure you read the heading before you begin.
- Some charts have two different levels of analysis:

	Activity	Want!	Will...	Won't.
1.	Items In Bold Are The General Activity			
2.	Items below may be suggestions for body location where the activity can happen.			
3.	Items below may also be suggestions for how to accomplish the activity above.			

Step 4: Fill Out The WWWChart

- As you fill out the chart, you can think about the Want, Will and Won't as follows:

Want!	Will...	Won't.
"Yes! Yes! Yes! I sooooo want to do this. Sounds incredibly hot! I definitely need to make this happen."	"I could be convinced to do this." OR "I wouldn't mind doing this." OR "I would do this if my partner wants to."	"Hell to the no. Not ever."

- You may have already noticed that there are a LOT of items on these charts. I recommend you tackle filling out the charts at a pace that is comfortable for you. You can take this chart section-by-section, page-by-page, or you can just marathon your way through it. If at any point you're feeling overwhelmed it is A-OK to put the pencil down and hop back in at any time.
- Either before OR during the filling-out process, you can take the black sharpie and cross out any fields that don't apply to you or to your partner.
- For example, if I were filling out a Beneficiary of Bliss WWWChart, it might look something like this:

1.	Being Kissed			
2.	On Anus			
3.	On Breasts			
4.	On Penis			
5.	On Testicles			
6.	On Vulva			

- (I don't have a penis or testicles, so I can't be kissed on them. Hence crossing them off my chart.)
- Pay attention to your response to the **bolded activities**. If you say "Won't." to an entire category of activity, then you don't have to fill out the suggestions that follow. You can just skip to the next **bold** item.

Step 5: Do Some Data Processing

- If you prepped with markers or highlighters, bust 'em out!
- If you are flying solo:**
 - Go through your lists and **highlight your Wants! in one color**, **your Wills... in another**, and you're welcome to either **cross out your Won't's**. OR **highlight your Won't's in another color**.

1.	Being Kissed	Want!	Will...	Won't.
2.	On Anus	x		
3.	On Breasts		x	
4.	On Vulva			x

- If you are doing this with a partner:**
 - Match your Purveyor of Pleasure (PoP) WWWChart with your partner's Beneficiary of Bliss (BoB) WWWChart and vice versa. The numbers are in alignment!
 - At the top of one Purveyor of Pleasure list, indicate who the PoP is and who is the BoB.
 - Go through the lists and transfer the marks from the BoB Chart onto the PoP Chart.
 - Grab a different color for each of the following possible outcomes: **Activities you both Want!**, **activities you both Won't. do**, and **Activities you need to talk about!**

7.	Being Kissed	Want!	Will...	Won't
8.	On Anus	XX		
9.	On Breasts		XX	
10.	On Penis			XX
11.	On Testicles	X		X
12.	On Vulva	X	X	
13.	On Mouth		X	X

- Grab your other Purveyor of Pleasure Sheet, mark names at the top, and repeat!

Step 6: Analyze Your Data

- **If you are fabulously single!**
 - You just made yourself an easy to understand desire chart!
- **If you are rockin' it in relationship town.**
 - Two X's in your **Want!** column means that y'all are in agreement! These are your shared desires and things that you're totally good to do!
 - Two X's in your **Won't.** column means that y'all are in agreement! You can totally never talk about these activities again, as you know that you're both okay with never doing them.
 - **Any other combination of X's** means that you have a little more work to do because:
 - You're both willing to do something, but not psyched about a particular activity (Two X's in the Will... Column)
 - One of you really wants something, and the other person isn't as excited. (One X in the Want! Column; One X in the Will... Column).
 - One of you really wants something, and the other person is like, "Uh uh, no way." (One X in the Want! Column; One X in the Won't column).
 - One of you is willing to do something, and the other person is like "No. Absolutely not." (One X in the Will... column; One X in the Won't Column.)

Step 7: Take Action

- **Single!**
 - Here are three fun suggestions for use of your Want!Will...Won'tChart results:
 1. Examine your preferences and start to think about why you've placed X's where you have. Doing this activity can help you to articulate to future partners why it is that you just really really really Want! something, or why you absolutely Won't. do something.
 2. Make a Want!Will...Won't poster. Show to potential sex partners for screening purposes.
 3. Use your Want! list to write some hot erotica.
 4. Two words: Drinking Game.
- **Not Single!**
 - Here are four suggestions for use of your Want!Will...Won'tChart results:
 1. Take all of your mutual Wants! and write them on a sheet of paper (or put them in a word document, or make a check-list using an app on your smartphone). Make sure each person gets a copy. Start doing those activities!
 2. Give each partner the list where they have been identified as the Purveyor of Pleasure. Separately, study the list and choose 1 or 2 things you'll try out on your partner the next time you have some great sex!
 3. With anything that you don't agree on, start to chat about how you can move activities to either the "Let's do this" end of things or the "Let's not do this" end of things. (Note: This is another time when you may want to tackle things slowly.)
 4. Get a twister spinner. Put some mutual Wants! over the dots. Let that spinner fly! Sex it up!

Important Notes

- The WWWCharts do not have every single activity that a human could do sexually. If there's something that you didn't find on a chart that you think should be on there ... e-mail Becca @ SmartHotFun.Com. (Please note that more WWWCharts are also on the way!!)
- This activity is designed to help you clarify your desires, which is great! However, realize that in doing this you may learn that you have desires or your partner has desires that are surprising to you. Because some serious revelations may happen during this activity, I recommend you go in there with a compassionate attitude.
- When filling this out with a partner, I recommend doing the initial phases alone. Filling out the WWWChart by yourself gives you:
 - A. The freedom to fill out the chart and think about things at your own pace.
 - B. Greater ability for honesty because there isn't anyone all up in your face waiting for answers.
 - C. The ability to have whatever reactions you need to have privately before sharing.
 - Because you may not know how your partner feels about some of these activities, dancing with joy when your partner is grossed out OR making a gagging noise when your partner is turned on by something may not help with the communication about that activity. Being able to have your reaction alone can often help you to rock some sort of poker face when you're sharing. This can be a huge boon to constructive communication.
- If you're not up for talking about what you want to do sexually, you're probably not ready for the partnered WWWChart activity. It may be a good idea for you to do this on your own so that you can work your way up to talking about this with someone else.
- The WWWChart activity is not a one-time thing! Sexual tastes change throughout life because of physical aging, partner changes, experience, and many other reasons. Revisiting your WWWChart is a great idea!

Have Fun!

Seriously. Although doing this process takes some time/work/energy, the trade-off is starting an epic journey toward consistently great sex!
